BASTILLE**

Bastille, a four-piece rock band, first made their debut with *Bad Blood*. The album enjoyed enormous success as fans took a liking to their music that pays homage to pop-Britpop and heavy electronic synth influences that are coupled with the band's infectious vocal harmony. Their singles such as *Pompeii* and *Things We Lost In The Fire* were topping the music charts. After winning the British Breakthrough Act in 2014's Brit Awards, one can say there's no stopping to the band now.
