

An abstract artwork by Ismail Latiff. The composition is dominated by a large, textured, multi-colored foreground that resembles a dense field of small, colorful objects or a complex, organic structure. This foreground is set against a background of a deep blue, swirling, and textured surface. A prominent, solid blue sphere is positioned in the upper center of the image. The overall effect is one of dynamic movement and vibrant color.

## ABOUT KL LIFESTYLE ART SPACE

Founded in 2011, KL Lifestyle Art Space (KLAS) is a private gallery owned by Dato' Gary Thanasan and is located at 150, Jalan Maarof, Bukit Bandaraya in Kuala Lumpur. KLAS' visibility is high and its accessibility at this prime address in the Klang Valley has encouraged many walk-ins, thereby raising public interest in modern and contemporary art. Our main aim is to offer an avenue for art enthusiasts to view modern and contemporary artworks originating from Malaysia and the region besides those displayed at educational institutions and existing art museums.

The Malaysian visual art scene is growing rapidly and we find this pace very encouraging. Clearly, today we see greater interest for works by the Malaysian masters and senior artists alongside some emerging contemporary artists from our neighbouring countries especially Singapore and Indonesia. However, we believe more needs to be done to propel it to the same heights as many of our Asian neighbours, such as China, India, Indonesia and even Thailand. It is KLAS' intention to bring the country's visual art scene one step closer to — indeed, even, one step ahead of — those of our neighbours. Our Being, a solo exhibition by Jeiham Sukmantoro in 2011, a highly reputable senior artist from Bandung, Indonesia, marks KLAS's foray into promoting artworks by renowned artists from the region.

As a commercial gallery, we hope to encourage a secondary market for Malaysian art, particularly for modern or pioneer works from established senior artists and masters from Malaysia and the neighbouring region. These mostly constitute artworks created up till the 1960s and many will be surprised to know that these artworks, as well as artworks by these pioneering artists, are still affordable. With this vision, in September 2012, KLAS embarked into hosting its inaugural Malaysian and Indonesian modern & contemporary art auction which received overwhelming response from collectors and institutions. This bold move has enabled us to further strengthen our position as a prime mover of Malaysian art within a short span of three years of our existence in the art business.

KLAS also accepts consignments from artists or individual collectors, thereby making their artworks available to interested parties via our gallery or auctions which are held once every quarterly. This will no doubt increase the chances of serious collectors acquiring those hard-to-secure pieces from specific periods, series or individuals and in the process encourage fresh, young collectors.

All art collections have to begin somewhere. What matters most is the steps that follow and, as all serious collectors know, it is important to deal with a reputable source. KLAS offers an assurance of legitimacy for all the artworks that pass through our doors.

KLAS has its presence on the internet too, a comprehensive website at [www.kl-lifestyle.com.my](http://www.kl-lifestyle.com.my) that details previous, on-going exhibitions and forthcoming auctions. The website also includes a stockroom with an inventory of artworks for sale and an art sales index which is updated with the last transacted price of artworks sold in our auctions. Latest auction results are updated here and this works well as a guide for collectors to monitor prices of artworks sold in KLAS auctions.

We look forward to seeing you at KL Lifestyle Art Space.
